

Critical Casimir Forces and Critical Phenomena in Films and at Structured Substrates

Finite-size scaling for critical films

M. Krech and S. Dietrich

Physical Review Letters **66**, 345-348 (1991); **67**, 1055 (1991)

Free energy and specific heat of critical films and surfaces

M. Krech and S. Dietrich

Physical Review **46**, 1886-1921 (1992)

The specific heat of critical films, the Casimir force, and wetting films near critical end points

M. Krech and S. Dietrich

Physical Review **46**, 1992-1941 (1992)

Free energy and specific heat of critical films

M. Krech and S. Dietrich

Journal of Low Temperature Physics **89**, 145-154 (1992)

Absence of hyperuniversality in critical films

E. Eisenriegler, M. Krech and S. Dietrich

Physical Review Letters **70**, 619-622 (1993); **70**, 2051 (1993)

Universal amplitudes for critical adsorption

G. Flöter and S. Dietrich

Zeitschrift für Physik B **97**, 213-232 (1995)

Energy density profiles in critical films

M. Krech, E. Eisenriegler, and S. Dietrich

Physical Review E **52**, 1345-1376 (1995)

Short-distance behavior of the energy density near surfaces of critical systems

E. Eisenriegler, M. Krech and S. Dietrich

Physical Review B **53**, 14377-14398 (1996)

Critical Casimir forces between spherical particles in fluids

A. Hanke, F. Schlesener, E. Eisenriegler, and S. Dietrich

Physical Review Letters **81**, 1885-1888 (1988)

Critical adsorption on curved objects

A. Hanke and S. Dietrich

Physical Review E **59**, 5081-5100 (1999)

Structure factor of thin films near continuous phase transitions

R. Klimpel and S. Dietrich

Physical Review B **60**, 16977-17002 (1999)

Critical adsorption near edges

A. Hanke, M. Krech, F. Schlesener, and S. Dietrich

Physical Review E **60**, 5163-5174 (1999)

Polymer depletion interaction between two parallel repulsive walls

F. Schlesener, A. Hanke, R. Klimpel, and S. Dietrich

Physical Review E **63**, 041803, 9 pages (2001)

Critical Casimir forces in colloidal suspensions

F. Schlesener, A. Hanke, and S. Dietrich

Journal of Statistical Physics **110**, 981-1013 (2003)

Universality of the thermodynamic Casimir effect

D. Dantchev, M. Krech, and S. Dietrich

Physical Review E **67**, 066120, 11 pages (2003)

Phase diagram of a model for ^3He - ^4He mixtures in three dimensions

A. Maciolek, M. Krech, and S. Dietrich

Physical Review E **69**, 036117, 17 pages (2004)

Critical adsorption and Casimir torque in wedges and at ridges

G. Palágyi, and S. Dietrich

Physical Review E **70**, 046114, 15 pages (2004)

Liquid-crystalline Casimir effect in the presence of a patterned substrate
F. Karimi Pour Haddadan, F. Schlesener, and S. Dietrich
Physical Review E **70**, 041701, 10 pages (2004); **71**, 019902 (E) (2005)

Thermodynamic Casimir force in models of ^4He films
D. Dantchev, M. Krech, and S. Dietrich
Physical Review Letters **95**, 259701 (2005)

Critical adsorption at chemically structured substrates
M. Sprenger, F. Schlesener, and S. Dietrich
Physical Review E **71**, 056125, 13 pages (2005)

Critical Casimir Effect in ^3He - ^4He Films
A. Maciolek, and S. Dietrich
Europhysics Letters **74**, 22-28 (2006)

Critical dynamics in thin films
A. Gambassi and S. Dietrich
Journal of Statistical Physics **123**, 929-1005 (2006)

Lateral and normal forces between patterned substrates induced by nematic fluctuations
F. Karimi Pour Haddadan, and S. Dietrich
Physical Review E **73**, 051708, 8 pages (2006)

Forces between chemically structured substrates mediated by critical fluids
M. Sprenger, F. Schlesener, and S. Dietrich
The Journal of Chemical Physics **124**, 134703, 19 pages (2006)

Effective forces between colloids at interfaces induced by capillary wave-like fluctuations
H. Lehle, M. Oettel, and S. Dietrich
Europhysics Letters **75**, 174-180 (2006)

Relation between the thermodynamic Casimir effect in Bose-gas slabs and critical Casimir forces
A. Gambassi and S. Dietrich
Europhysics Letters **74**, 754-755 (2006)

Critical adsorption on nonspherical colloidal particles
S. Kondrat, L. Harnau, and S. Dietrich
The Journal of Chemical Physics **126**, 174902, 9 pages (2007)

Interplay of critical Casimir and dispersion forces
D. Dantchev, F. Schlesener, and S. Dietrich
Physical Review E **76**, 011121, 24 pages (2007)

Critical Casimir effect in superfluid wetting films
A. Maciolek, A. Gambassi, and S. Dietrich
Physical Review E **76**, 031124, 17 pages (2007)

Monte Carlo simulation results for critical Casimir forces
O. Vasilyev, A. Gambassi, A. Maciolek, and S. Dietrich
EPL **80**, 60009, 6 pages (2007)

Direct measurement of critical Casimir forces
C. Hertlein, L. Helden, A. Gambassi, S. Dietrich, and C. Bechinger
Nature **451**, 172-175 (2008)

The critical Casimir effect: Universal fluctuation-induced forces at work
A. Gambassi, C. Hertlein, L. Helden, S. Dietrich, and C. Bechinger
Europhysics News, in press (2008)

Critical adsorption and critical Casimir forces for geometrically structured confinements
M. Tröndle, L. Harnau, and S. Dietrich
The Journal of Chemical Physics: in press; preprint, arXiv: 0806.0760 (2008)
